PROFESSIONAL SUMMARY

Dedicated and motivated **Full Stack Developer** with practical experience in building responsive web applications and solving real-world development challenges. Currently pursuing a **Cyber Security** course to expand expertise in networking, ethical hacking, and information security. Possesses strong problem-solving abilities, excellent communication skills, and a passion for learning emerging technologies. Experienced in customer service, software development, and working effectively within collaborative team environments.

TECHNICAL SKILLS

- **Programming Languages :** JavaScript (ES6+), C, C++, Java (Basic)
- **Frontend Technologies :** HTML5, CSS3, Bootstrap 5, React.js, Responsive Web Design
- **Backend Technologies :** Node.js, Express.js, RESTful API Development
- **Database :** MongoDB, MySQL (Basic)
- **Networking :** TCP/IP, OSI Model, IPv4 Addressing, Subnetting, Static Routing, VLAN Configuration, DHCP, DNS, NAT, Routing & Switching
- **Cyber Security :** Network Security, Ethical Hacking Fundamentals, Vulnerability Assessment, Linux Administration (Basic), Wireshark, Nmap, Security Best Practices
- **Tools & Platforms :** Visual Studio Code, Git, GitHub, Postman, Cisco Packet Tracer, MongoDB Compass
- **Operating Systems :** Windows, Ubuntu Linux
- **AI & Developer Tools :** ChatGPT, GitHub Copilot, Claude AI, Google Gemini

PROJECTS

- **Autonomous Learning Management System (Auto LMS)**

Tech Stack: React.js, Node.js, Express.js, MongoDB, JavaScript, HTML5, CSS3, Bootstrap, REST API

Environment: Full-Stack Web Application (MERN Stack)

Deliverable: Learning Management System (LMS)

Designed and developed a complete Learning Management System (LMS) that enables administrators, instructors, and students to efficiently manage online learning through a secure and responsive web application.

- Developed a responsive and interactive user interface using React.js, HTML5, CSS3, and Bootstrap.
- Built secure RESTful APIs using Node.js and Express.js for seamless frontend and backend communication.
- Designed and managed MongoDB databases for users, courses, enrolments, assignments, and learning materials.
- Implemented JWT Authentication with role-based access control for Admin, Instructor, and Student users.

- FitSoul – Health & Fitness Club Website

Tech Stack: *React.js, Node.js, Express.js, MongoDB, JavaScript, HTML5, CSS3, Bootstrap, REST API*

Environment: *Full-Stack Web Application (MERN Stack)*

Deliverable: *Health & Fitness Club Management Website*

Designed and developed a modern Health & Fitness Club website that provides users with fitness programs, trainer information, membership plans, and online inquiries through a responsive web platform.

- *Designed and developed a modern, fully responsive frontend using React.js and Bootstrap.*
- *Developed backend APIs using Node.js and Express.js for secure data processing.*
- *Designed and managed MongoDB databases for members, trainers, fitness programs, memberships, and contact inquiries.*
- *Implemented secure administrator login and content management functionality.*

EDUCATION

- **Certification — Pathway To Master In IT Infrastructure**

TOPS Technologies

2026 – Present • Key Modules — CCNA (Routing & Switching), Network Fundamentals, TCP/IP, Subnetting, VLANs, Static & Dynamic Routing, Network Security, Linux Administration, Ethical Hacking, Penetration Testing, Vulnerability Assessment, Firewall Fundamentals, Wireshark, Cisco Packet Tracer, Cloud Security Basics, Security Tools & Hands-on Labs.

- **Degree — Bachelor of Computer Applications (BCA)**

Veer Narmad South Gujarat University

2023 – 2026 • Completed • CGPA — 8.64+

EXPERIENCE

- **Industrial Trainee – MERN Stack Developer**

LaMinds, Surat

January 2025 – June 2025 • 6 Months

Developed and maintained full-stack web applications using the MERN Stack while collaborating with senior developers on real-world projects.

- *Developed responsive web applications using React.js, Node.js, Express.js, and MongoDB.*
- *Designed and integrated RESTful APIs for seamless communication between frontend and backend services.*
- *Built reusable UI components and optimized application performance for improved user experience.*
- *Implemented CRUD operations, user authentication, and database management using MongoDB.*
- *Participated in debugging, testing, code reviews, and application deployment.*
- *Used Git, GitHub, Postman, and Visual Studio Code throughout the software development lifecycle.*

- **Sales Associate**

Reliance Digital, Surat

November 2023 – June 2025 • 18 Months

Provided excellent customer service while assisting customers with consumer electronics and achieving monthly sales objectives.

- *Assisted customers in selecting products based on their requirements and budget.*
- *Delivered exceptional customer service, resulting in improved customer satisfaction and repeat business.*
- *Achieved monthly sales targets through effective communication and product knowledge.*
- *Explained product features, specifications, warranties, and after-sales services.*
- *Handled billing support, customer inquiries, and issue resolution professionally.*
- *Collaborated with team members to maintain inventory, product displays, and smooth daily store operations.*
- *Strengthened communication, teamwork, problem-solving, and customer relationship management skills.*

CERTIFICATION

- ▶ **Cisco Certified Network Associate (CCNA)** — Cisco Networking Academy (2026)
- ▶ **Web Development (MERN Stack)** — La Minds, Surat (2025)
- ▶ **Job Ready Data Science** — Course Completion (2025)
- ▶ **Yuva AI For All** — NASSCOM Future Skills Prime (2025)

LANGUAGES

- ▶ **English** — Professional Working Proficiency
- ▶ **Hindi** — Full Professional Proficiency
- ▶ **Gujarati** — Native Proficiency
